General rights

Copyright and moral rights for the publications made accessible in the public portal are retained by the authors and/or other copyright owners and it is a condition of accessing publications that users recognise and abide by the legal requirements associated with these rights.

- Users may download and print one copy of any publication from the public portal for the purpose of private study or research.
- You may not further distribute the material or use it for any profit-making activity or commercial gain
- You may freely distribute the URL identifying the publication in the public portal

If you believe that this document breaches copyright please contact us providing details, and we will remove access to the work immediately and investigate your claim.

Get recognised

ORCID at DTU

Why ORCID?

- Identifying authors based on name alone is inaccurate and insufficient
- Authors are missing out on scholarly recognition of their work, which may result in:
 - lost citations
 - loss of grants and funds.

What is ORCID?

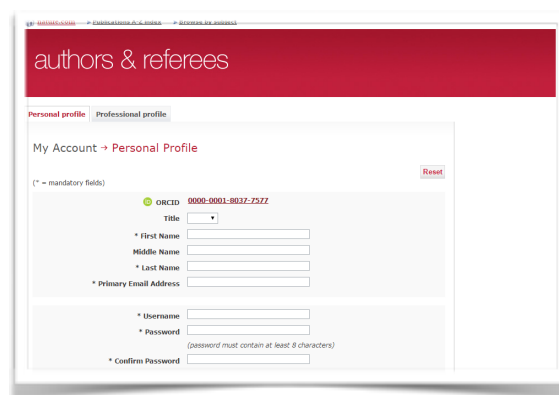

- ORCID distinguishes you from other researchers and ensures that you get credit for your work
- ORCID connects you to your research activities such as articles, data sets and conferences
- ORCID provides a hub that gives easy access to your research activities, i.e. when you apply for grants.

Get your ORCID

- Register your ORCID in DTUBasen
- Or link your ORCID to DTUBasen if you already have an ORCID
- Your ORCID will automatically be exported to DTU Orbit
- Your ORCID will be shown in your DTU Orbit Profile / Card
- Using your ORCID, DTU will link to as much relevant content to your DTU Orbit profile as possible, which means less work for you
- Your ORCID is your personal ID; it will remain the same whether you work at DTU or at other institutions.
- You can add publications and activities to you ORCID profile - but it is not a compulsory .

Use your ORCID

- Use your ORCID when you submit articles to journals
- Use your ORCID when you apply for funding
- Use your ORCID in databases such Scopus and Web of Science
- Use your ORCID in a number of web based services for researchers .
